forth in Local Civil Rule 7-4(b). It replies to the Government's *Opposition* which also is 33 pages in length including a table of contents.

Several of the arguments made in Mr. Ranieri's *Reply* require detailed discussions in order to reply to the Government's *Opposition*, and to provide an adequate record of the arguments to be made. Every effort was made to reply as concisely as possible to that *Opposition*. However, given the complexity of the evidence presented, the number of witnesses and exhibits, and the length of the trial and the points made in that *Opposition*, his counsel is unable to adequately set forth the factual and legal bases for his arguments within the 25-page limit of Civil Local Rule 7-4(b) as incorporated into Criminal Local Rule 47-2(b).

For the foregoing reasons, Mr. Ranieri suggests there is ample good cause for the Court to grant this motion, and he respectfully requests that the Court grant it.

This Motion is based on the above statement of the Motion and on the pertinent Local Rules.

December 6, 2023 Respectfully submitted,
